

BOOT CAMP MOVIE CLIPS*

** Please note: This is simply a list of movies from which we pulled various scenes or trailers to illustrate the 'story' in all of our boot camps to date. We might not have shown a particular clip from one of these movies at a boot camp you attended. It should in no way be construed as an endorsement of nor an agreement with any particular movie's other scenes or overall message (although there are some dang good movies in this list so you won't go wrong in checking out most of them).*
